ANNOUNCEMENT.

We are authorized to announce.

HUCKNER LEAVELL.

candidate for the office of Circuit Court Clerk, subject to the action of the Democratic party.

Registration days

June 3, 4, 10 and 11.

All the railroads will give a one and one-third rate to the Louisville convention next week.

Editor Champ, like the late Senator Hargis, found Lexington's hospitality a little too much for him.

Quinn Jim is a sure winner for delegate from the State-at-large. The Pennycuik is still in it.

The Democrats developed better staying qualities and have, after several trials, elected the assemblymen in Providence, R. I.

Hancock and McLean counties instructed for Miller and Meacham for district delegates. Those counties together with Christian and Davies are enough to elect.

Gov. Brown vetoed his first bill last week. It was a local measure applicable to Martin county, passed regardless of the constitutional provision against local bills.

Editor E. B. Walker, of the Democrat, was elected Mayor of Clinton Saturday by 7 majority over W. F. Boone. Tom Griffith was elected city attorney and Geo. Cullen city marshal.

Kentucky's senatorial delegates will probably be McKeezie, Watterson, Castleman and Owens. The first two are as good as elected and the others have been marked as winners.

Judge Garrett S. Wall is the Democratic nominee for the seat in the Senate made vacant by the resignation of Senator Poyntz. The election comes off to-morrow, when he will be chosen without opposition.

Counties having 616 delegates have held conventions in Tennessee and the result in the gubernatorial race stands 380 for Turney and 233 for Buchanan. There will be about 1,600 delegates in the convention. Turney's nomination is almost a foregone conclusion.

The bill making it a felony to stretch a wire or other dangerous obstruction across a road or passway has passed both houses and gone to the Governor. Foulwinder boys would not wisely hereafter to blow in their wire jokes, as a matter of precaution, to find out if they are loaded.

Six men were lynched in the South this week. Near Anniston, Ala., three were hanged for outraging Mrs. Bryant and at Clarksville, Ga., three more were hanged with log chains on the following night, for killing Marshal Carter of that town. All of them were colored.

The Courier-Journal has heard from all but a few of the counties, which will cast 70 of the 717 votes, and all are untroubled in the Presidential race excepting 265 votes. Of these Carlisle has 174 and Cleveland 91. A big majority of the untroubled delegates are for Cleveland.

The Frankfort Capital has an article on "The Proper Way to Sit," published presumably for the benefit of the Legislature, which is still sitting. The only suggestion we have to make is to advise Speaker Moore whenever he assumes a recumbent position to continue to use T. Pettit for a cushion, as he did the other day.

Bruce Champ, editor of the Bourbon News, at Paris, died Wednesday, aged 48 years. He attended the Press convention at Lexington last week and was taken sick at the banquet Wednesday night and had to leave the room before it was over. He went home sick Thursday and had been growing worse ever since. He leaves a wife and two sons. He was a soldier of the "Orphan Brigade."

One of the delegates from Colorado to the Minneapolis convention is a full-blooded Indian, a descendant of the great Tecumseh, whom President Harrison's grandfather defeated in battle. One of the North Carolina delegates to the same convention, Mr. William Butler, is a son of Chang, one of the Siamese Twins of world-wide fame. Truly America is the land of the free and the home of the freak.—Stanford Journal.

The Louisville Times says: "The Federal war-ship Concord has proceeded up the Mississippi to the mouth of the Ohio, passing New Orleans, Vicksburg, Memphis, and Columbus without drawing the fire of a single Rebel gun. An Editor Meacham would say, things have very much changed since the dissolution of Elizabeth, Peace and Concord reign supreme from the beginning to the end of the paternal ancestor of all our aqueous highways."

The statement is sent out from New York on the authority of Nathaniel Paige that Stephen B. Elkins, Secretary of War, has had a conference with Secretary Blaine and President Harrison, and received definite instructions from both to present the name of either at Minneapolis as the Republican nominee for President. Mr. Paige also stated that Secretary Elkins was given permission by both Blaine and Harrison to withdraw the name of either, as may seem advisable at the time.

The I. W. Harper whiskey should be on every sideboard.

The I. W. Harper whiskey should be in every medicine chest.

The I. W. Harper whiskey should be in every club.

The I. W. Harper whiskey should be on every bar.

And all of this because it is the prince of whiskeys. The Ideal Kentucky article. Sold by J. W. Smith, and W. R. Long, Hopkinsville, Ky.

It is hoped the Executive Committee will see its way perfectly clear to an acceptance of the invitation to the K. P. A. to meet next year in Covington. Newport will join heart and hand with Covington in entertaining the boys, making their visit one continuous round of pleasure at the hands of Hospitality. Covington will throw her doors wide open and Newport will take her off the hinges. Newport Journal.

As the only way to get Blakeley to attend a press convention is to take the convention to him, by all means let's meet next year at the mouth of the Licking.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly upon the blood and mucous surfaces of the system. They cure one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c.

Frank Bell, who does the heavy work on that sound and practical paper, the Hopkinsville New Era, was playing the gallant act. He is one of the best informed editors in the State, and is of that class of young men who so much admire Cleveland for his honor and strength that they believe he should be renominated by his party for the Presidency. They have not yet wholly given up their ideals. May they never do so.—Hartford Herald.

Mr. Felix Grasty, the popular county clerk of Trigg county and Miss Lucy White, daughter of Rev. Jno. F. White, were married in Cadiz Tuesday.

Mr. L. J. Oldham, one of the editors of the Central City Herald, was married at Central City Sunday, to Miss Bessie Yonts. Mr. Oldham is a prosperous and popular gentleman, and his brethren of the press wish him and his charming wife a happy married life.—Hartford Herald.

ROBERTS-McCARROLL.—The marriage of Mr. P. T. Roberts to Miss Laura McCarroll was solemnized at the First Presbyterian Church at 5:30 p. m., yesterday, Rev. S. N. Vail officiating. Immediately after the ceremony the couple left for the home of Mr. T. D. Roberts, the groom's father, near Gracely, where an elegant reception was tendered them. Mr. Roberts is a young man of good habits and business qualifications and is very popular with his associates. His bride is an accomplished and very attractive young lady.

TOBACCO NEWS.

Sales This Week.

Between five and six hundred hogsheads of tobacco were sold at the Exchange this week. The prices on low leaf and lugs remained about the same as last week but on good leaf there was a decided upward tendency, and a good deal of this grade was sold at fancy prices. Our market has remained firm all along during the season and prices obtained have been very satisfactory to the farmer. The following quotations are a fair representation of our market:

Common lugs.....\$2.50 to \$3.50

Good lugs.....3.50 to 4.50

Common leaf.....4.00 to 5.50

Medium leaf.....5.00 to 6.25

Good leaf.....6.25 to 7.00

Selections.....7.50 to 11.00

Selections.....12.00 to 16.00

HOPKINSVILLE MARKET.

ON TO CALIFORNIA

With The National Editorial Association.

COLORADO SPRINGS, May 5, '92.

Leaving Hopkinsville Sunday night at 10:25, on the L. & N. Ry., I arrived in St. Louis on schedule time, where the entire Kentucky delegation met and were assigned places on the editorial special to be run over the Santa Fe. The Kentucky delegates are H. E. Morningstar, Democrat, Bowling Green; S. L. Marshall, Journal, Henderson; J. A. Bell, Times, Georgetown; H. E. Woodford, Advocate, Danville; S. G. Boyle, Stock Farm, Lexington, and the writer, representing the KENTUCKIAN.

The Southern Hotel was alive with delegates from the different states, and after roll call, sight seeing in St. Louis was next in order. A heavy rain set in which was a serious drawback, and after a tedious wait until 9:30 p. m. that joyful sound "all aboard," was heard and the special moved slowly out of the depot on its long journey westward. The party sped on through the fertile lands of southwest Missouri, inhabited by a thriving and prosperous people. At Springfield each delegate was presented with a can of Highland Brand Evaporated Cream, of home manufacture. After passing through Carthage, Mo., a most prosperous city of more than 20,000, we passed on through the lead and zinc fields, where the mining industry is carried on extensively. At Neodesha, the dinner stop, the Kentucky delegation was presented with floral tributes, by lovers of the old Commonwealth. Supper was taken at Hutchinson, another of the thrifty western cities. The party was here presented with samples of crystallized salt, which is extensively mined. After another night's ride the call was made for breakfast at Pueblo, which is so well-known throughout the country as a mining and manufacturing city. The famous Cow Boy Band, composed of forty pieces, greeted the delegates with "Dixie" and other choice selections, which caught the southern ear. At 10:30 a. m. the train pulled up to the depot of this city, which is so well-known as a mountain summer resort and the home of the invalid. Carriages met the party and carried them on the lonely drive to the Garden of the Gods, where the lavish hand of nature has carved out huge pyramids of stone standing in all their wild grandeur, with their imaginary images to be compared with those true to nature. After viewing this most wonderful piece of scenery, after a short drive Manitou was reached. It is a beautiful little mountain city, which offers superior inducements to both the tourist and health seeker. There are here famous iron and soda springs flowing from the mountains, heavily charged with gas, the use of which brings youth back from old age. Dinner was taken at the Baker House, a large and roomy hotel with every comfort and convenience for guests. The drive after dinner led to the foot of Pike's Peak, where the cog railroad commences, but on account of the snow the party will not be permitted to ascend this famous mountain, much to their regret. On the return we passed through Colorado City, which is possessed of genuine western push and enterprise.

The special train has been under the personal care of Mr. Geo. T. Gunnip, T. P. A. of the Santa Fe. Mr. Gunnip's Headquarters are at Cincinnati and he was taken from his territory to go with the editors, on account of his special fitness for such an undertaking. He has been careful with every little detail, and is popular with all.

The great system of railroad we are now going over is the longest in the United States, comprising over 9000 miles, and leads from Chicago to Los Angeles, and from St. Louis to Houston. The road is in good condition and affords as comfortable transit as could be desired.

The two specials from Chicago are expected at any minute and Colorado Springs will be full of the bright lights from all over the United States, numbering about 600. The committee has just commenced upon its program of entertainment, and as I have noted up to the present time, will await further developments.

DEATHS.

DALTON.—Mr. S. W. Dalton died at his home in this city Wednesday afternoon, aged about 80 years. He was born near Springfield, Tenn., and came from that place to this city about eight years ago. Mr. Dalton has been confined to his bed for three months or more. He was a member of the Baptist church and his funeral was preached by his pastor, Rev. C. H. Nash, yesterday at 11 o'clock. He leaves several children, two of his sons being proprietors of the Dalton Bros. brick-yard.

BUCHANAN.—Mr. A. H. Buchanan died at his home on South Main street on the 16th inst., at 6 o'clock p. m. His malady was heart failure, resulting from a severe attack of the grippe last winter. He had been for several weeks confined to his bed. Mr. Buchanan was born May 24, 1832, and was therefore almost 60 years of age. He came here some years ago from Todd county and was associated with N. Tobin in the merchant tailoring business. He leaves two daughters, Mrs. W. H. Everett and Miss Florence Buchanan. Deceased was a member of the Baptist church and his funeral services were conducted Tuesday afternoon by Rev. C. H. Nash. The interment took place in Hopewell cemetery.

Julia Quisenberry, aged 88 years, died at her home in Hamby precinct, Tuesday.

Infant of Celia Pettus, in the city Monday evening.

KIDNEY SOUP: Take enough kidney to make two pounds, a carrot, a turnip, an onion, two potatoes, cayenne and salt. Put half the kidney in four quarts of water and cook slowly until well done; take them out and chop very fine, return to the water with the rest of the kidney cut into small pieces; grate or chop very fine the vegetables, add them to the soup, cover closely and cook slowly for an hour and a half.—Household Monthly.

STUFFED CABBAGE: Take a large, fresh cabbage and cut out the heart, fill the cavity thus made with a stuffing made of cooked chicken or veal, chopped very fine, seasoned highly and rolled into balls with the yolk of an egg. Tie the cabbage firmly together (a good plan is to do it up securely in a thin white cloth), and boil in a covered kettle several hours. This is a delicious dish, and one can use up cold meats in preparing it.—Detroit Free Press.

SAUSAGE CAKES: Have two pounds of fresh pork—about one-fourth fat—chopped fine. Soak one pint of stale bread in cold water until soft. Add to the chopped pork half a teaspoonful of pepper, a tablespoonful of salt and a teaspoonful each of powdered sage and thyme. Press all the water from the soaked bread; then mash the bread till it is smooth, and mix it with the meat. When the ingredients are thoroughly combined, shape it into small flat cakes and fry until brown on both sides. It will take twenty minutes thoroughly to cook the cakes.—Good House-keeping.
